MAKE MONEY SPENT EARN FOUR PER CENT

Novel Plan to Reduce Cost of Living Is Proposed to Merchants and Consumers.

NEW COMPANY FORMED

Community Savings Concern Finds Success With Scheme to Protect Pay Check.

How to make the high cost of living pay the consumer interest upon his expenditures; how to make the luxuries that have come to be regarded as necessaries less of a burden, and how to help the merchant to eliminate longtime credit-these problems are given solution by the Community Savings company which has commenced business on a tremendous scale in Salt Lake.

The company has incorporated with L. J. Gilmer president and general manager; E. F. S. Lanc. vice president; T. M. Gilmer as treasurer and R. M. Sorensen as secretary. The company is linked with the Utah Savings and Trust bank, and is now busily engaged in bank, and is now ously engaged and educating the people to the advantages of making the money you spend earn as much as the money you save. No other proposition has been advertised quite so extensively as this which is now interesting consumers and mer-

Movement Is General.

Business houses of all kinds, the butcher, the baker, the hatter and the dressmaker, are joining the movement. They agree to give to their customers scrip calling for the eash payment of four per cent of all cash purchases or payments of bills as they come due. This scrip is issued only to such customers as have identification cards entitling them to receive the scrip. To obtain a card, the ronsumer must sign, an application, either with his tradesman, or with one of the company's agents. Then is delivered to him the written authority to accept scrip.

Then is delivered to him the written authority to accept scrip.

If a holder-of one of these cards, who is then a member of the community interest plan, pays a dollar at a grocery for snaplies, he is issued a certificate of four cents, which he may take immediately to the Utah Savings and Trust bank and each for its face value. In that way he finds that he has made the dollar he spent carn four cents interest, or quite as much as he would get from a similar dollar placed in a savings account.

the majority of merchants throughout the city will become identified with the proposition. The company has opened offices at 700-1-2 Utah Savings and Trust building.

THERE WILL BE a grand Scottish tryst at Lagoon, June 30, to celebrate the anniversary of the battle of Bannockburn.

cieties is working on the arrangements for the day although it will be conducted by the Scots independent of any so-ciety.

HEBER L. MAGLESY, who for the past three years has acted as superintendent in the state of Tabasco for the Utah Mexican Rubber company, was in the city yesterday with his family, returning to their former home in Monroe, Sevier county.

CLARENCE L. MAYFIELD and Miss Edith Eart of Farmington were married yesterday in this city, J. U. Eidredge, Sr., marriage license cierk in the county cierks office, performing the ceremony. The bride is the deputy recorder of Davis

DR. MURRAY PAUL ROCK, a young man of Salt Lake City who was gradu-sted from the Western Dental college of Kansas City a year ago, arrived in this tity Friday and is visiting with his par-ents, Mr. and Mrs. N. F. Rock of this city.

FUNERAL SERVICES for George O. Bleak, who died April 18 at Hamburg, Germany, where he was doing missionary work, will be held at 3 o'clock this afternoon in the Twenty-second ward meeting house.

ALTHOUGH THEY were unprepared to announce their summer programmes complete, the managers of Saltair, the Salt Palace, Lagoon and Wandamer yesterday said that they would have everything in rendiness to open permanently on May 30.

CITY AND VICINITY

Eleven Young Women Soon to Receive Their Diplomas as Graduate Nurses

W. P. BERESSINGHAM and Joseph Land are charged in a complaint issued yesterday by the county attorney with "opening a scaled letter" addressed to a person other than themselves. The let-

portant musical and social events of the season will be the production of Haydn's "Creation" at the Sait Lake theater. Wednesday evening next, by the University society, under the direction of Squire Coop, with a select orchestra of thirty-five picked men, and Mrs. Maggle Tout-Browning, soprano; M. J. Brines, tenor, and Fred Smith, baritone.

So displifed and artistic was the presentation recently that twenty members of the Commercial club, forming the music committee of the club, have taken upon themselves to assume all financial risk in a second production. The recent production was not as well attended as the production warranted owing to other social functions occurring on the same date. Numerous requests have been made for a second presentation and the music committee has undertaken a second production. Members of the faculty of the university are working with the music committee to make the event a financial success. Committees for the sale of tickets, both in the club and the university, have been appointed to solicit the club members and the school teachers. Special rates will be offered to all students through their respective teachers. The various music students will be largely represented. A subcommittee, headed by Mrs. W. H. Cunningham and Mrs. A. S. Peters, is acting in conjunction with Fred C. Graham in creating interest among the society folk of the city. Judging from interest aiready manifested, it is certain that all the stalls and loges will be occupied.

From a musical point of view a success is aiready assured. Mr. Coop has this "opening a scaled letter" addressed to a person other than themselves. The letter was delivered by a messenger and bore no stamp, hence the prosecution is brought in the state instead of the federal court.

EXERCISES in honor of the sixty-eighth birthday anniversary of President Anthon H. Lund, which is to be next Wednesday, will be held by religion classes in many of the ward Sunday schools of the city today. President Lund was the originator of the religion class idea,

IN LARGE FAMILY

Perhaps a more worthy object could not be found in Salt Lake City for those inclined to charity than that offered in a squalid two-room shack at 957 West South Temple street, where

dwells a family of nine, including five small children, in a state of woeful want.

The breadwinner, wasted to a shadow of his former self, lies helpless on a barren bed suffering from a lingering ailment that has held him in its grasp since the beginning of winter. The mother, a frail little woman of courageous mien, has herself risen from a sick bed only a week ago. To the little brood of hungry children another has come in recent weeks, opening its has come in recent weeks, opening its eyes on nothing but want and sick-

family yesterday in the shape of a generous basket of groceries sent by a kindly disposed woman who heard of the want. This offering will stay the children's hunger for a day or

DEATH CALLS WOMAN AFTER LONG ILLNESS
